

## **U.S. Highway 6/Deer Creek Road Intersection - Coralville**

### **Proposed Recipient:**

City of Coralville

1512 7th St,

Coralville, IA 52241

**Amount Requested:** \$4,900,000

**Explanation of Request:** Funding for this project will improve the U.S. Highway 6/Deer Creek Road intersection. The project will add lanes, a median, traffic signals, lighting, railroad safety enhancements, and turn lanes, and will provide the needed improvements to improve traffic safety and accommodate the growth in traffic in that area. This would be a valuable use of taxpayer dollars because improving this route is a matter of public safety to relieve congestion and provide infrastructure critical to the growth of nearby businesses. The City of Coralville has acquired funding through state grant programs, but this community project funding is essential to cover the remaining costs for this critical infrastructure investment.
