

North River Drive Connector Project - Clinton

Proposed Recipient:

City of Clinton

611 S 3rd Street, P.O. Box 2958,

Clinton, IA, 52733

Amount Requested: \$1,520,000

Explanation of Request: The funding would be used to build a 1.5-mile north/south roadway link between downtown Clinton, IA, and the Lyons Business District. The new roadway will run along the land side of the existing Mississippi River levee between Riverview Drive to the south and 25th Avenue North to the north. The project is an appropriate use of taxpayer funds because when the Main Avenue bridge was moved 50 years ago, access to the City of Clinton's northern neighborhood and retail areas was negatively impacted. This project will reconnect the vibrant downtown area with direct access to the Riverfront and businesses adjacent to the Mississippi River.
