

Project Name: Washington Drinking Water Well Construction Project

Proposed Recipient: City of Washington

Address of Recipient: 215 E. Washington Street, Washington, IA 52353

Amount of Request: \$3,500,000

Explanation of Request: The funding for this project will be used to address a critical water shortage that currently prevents the community from competing for industrial growth. Although existing resources cover residential needs, the lack of industrial capacity has forced the city to postpone this vital expansion multiple times due to high costs.

Federal Nexus: The project has a federal nexus because the funding provided is for purposes authorized under the Clean Water Act, 33 U.S.C. 1383(c) (Section 603(c) of the Clean Water Act).
