

Health Department Building and EMS Bay – Lee County

Proposed recipient:

Lee County
933 Avenue H
Fort Madison, Iowa 52627

Requested amount:

\$2,159,000

Explanation of request:

The funding would be used to build a new Lee County Health Department/EMS bay. The Lee County Health Department has not had an independent base of operations for more than three decades. The staff has operated out of leased facilities since that time and are currently operating out of the John Bennett Center in the old Iowa State Penitentiary. The facilities are part of the shuttered DOC operations and investment in maintenance at the facility is minimal. The new facility will be a 14,000 square foot wood frame construction with two EMS Ambulance bays located on about eight acres of property that was donated to the county.
